

Winship Cancer Institute of Emory University

- ❖ Winship Cancer Institute of Emory University is Georgia's first and only National Cancer Institute (NCI) designated comprehensive cancer center.
- ❖ Winship at Emory University Hospital is ranked first in Georgia for cancer care and is one of the top cancer programs in the nation according to *U.S. News & World Report*.
- ❖ More than 15,000 newly diagnosed cancer patients are seen annually by Winship physicians.
- ❖ Winship's 442 faculty members represent 39 departments within Emory University and collaborating institutions including the CDC, American Cancer Society, Georgia Tech, and Morehouse School of Medicine.
- ❖ With over 250 active clinical trials, Winship is dedicated to taking new cancer treatments from the laboratory to patients, providing cancer patients and their families with innovative options in cancer care.
- ❖ Since 2011, Winship investigators have led or contributed to the pivotal clinical trials testing of nearly 75% of all anti-cancer drugs approved by the FDA since that time.
- ❖ In 2016, Winship received \$83.9 million in research funding, including \$38.6 million from the NCI. The same year, Winship published over 1,600 peer-reviewed articles.
- ❖ Winship is one of 30 inaugural U.S. cancer centers selected as a Lead Academic Participating Site for the NCI's National Clinical Trials Network (NCTN). The NCTN serves as the NCI's primary infrastructure to conduct phase II and III clinical trials.
- ❖ Winship physicians provide care at Emory University Hospital, Emory University Hospital Midtown, Emory Saint Joseph's Hospital, Emory Johns Creek Hospital, Grady Memorial Hospital, the Atlanta VA Medical Center, and Aflac Cancer and Blood Disorders Center at Children's Healthcare of Atlanta.
- ❖ The Winship Cancer Network was launched to improve access to clinical trials, training, education, and multi-disciplinary and subspecialty cancer care at community cancer facilities in Georgia and adjacent states.
