

Multidisciplinary Prostate Cancer Care Clinic at Emory Saint Joseph's Hospital

Welcome to Multidisciplinary Prostate Cancer Care Clinic. The goal of this visit is for you to meet with key members of your care team to help you understand your diagnosis, discuss available care options, provide information to support your decision-making and help you determine the best next steps for you and your family.

Radiation Oncologist

I will help you understand the radiation therapy care options

Urologist

I will help you understand your diagnosis and discuss surgical care options

You

Nurse Navigator

I will help ensure timely access and coordination of care, facilitate referrals to support services and assist with care team communication

Additional Team Members

Other resources are available to you as needed:

Advanced Practice Provider
(Nurse Practitioner or Physician Assistant)
I work in collaboration with your doctor to assist with evaluation and treatment

Clinic Nurse
I can assist in the delivery of your care

Patient Care Coordinator
I will help schedule appointments and serve as a customer service point of contact

Social Worker
I can discuss support and counseling services

Medical Oncologist

I can discuss additional treatment options as needed

You can learn more about Prostate Cancer and see videos of the care team

How to prepare for your visit

Company

Have a family member or friend accompany you

Medical record

Ensure pertinent outside records are faxed or be prepared to bring to appointment

Family history

Come prepared with any family history of cancer

List of Questions

Bring a pen and paper with questions written down

Plan for the visit to take 2-3 hours so that you and your caregiver can meet the care team, ask questions, and schedule any follow up appointments.

Expect a follow up phone call from your Nurse Navigator after your visit.

Emory Healthcare Patient Portal emoryhealthcare.org/patientportal

The Emory Healthcare Patient Portal is a convenient and secure health-management tool you can use anywhere you have access to the Internet.

You can communicate with your care provider or file your prescription refills directly through Patient Portal.

**When you need a refill, contact us at least a week prior to your prescription running out. You can contact us via phone for refills, too.*
