Dear Customers of Winship IDDI shared resource,

The Intervention Development, Dissemination and Implementation Developing Shared Resource (IDDI) has transitioned from a developing Shared Resource to a full Shared Resource. As our core grows and more Winship researchers utilize our services, we want to ensure we meet the needs of all our users and continue providing high quality services in a timely manner. Therefore, starting **October 2021**, we will have the following changes:

- Winship will provide **55% subsidy for all IDDI services** for Winship Members on cancer-related projects.
- IDDI will limit the number of 100% subsidized consultation and proposal development hours per Winship project, and per PI. We will provide 2 free consultation hours and 6 free proposal development hours per project, for a total of 3 projects per Winship researcher per year.

Should you have any questions, you may either contact me directly or reach out to Shaheen Rana, Associate Director of Research Projects, at shaheen.rana@emory.edu.

Sincerely,

Cam Escoffrey, PhD, MPH, CHES
