## Responsibilities

- Meet yearly at Emory to review SPORE project and core progress, impediments and opportunities
- Meet in executive session with Drs. Ramalingam and Fu following research presentations
- Identify and recommend new research opportunities and directions
- Evaluate progress and productivity of each individual SPORE research project, CEP/DRP award, core and program administration and make recommendations for any changes to these components
- Review yearly progress report submitted to NCI
- Review annual report prepared by the MPIs following EAB/IAB meeting
- Implement advice from the patient advocates regarding the direction of the SPORE
